DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Summer *Til* Crop of Bengal, 1927-28.

(NOTE.—On an average of the five years ending 1924-25, the area under *til* in Bengal has represented some 2·9 per cent. of the total area under *til* in British India.)

Character of the season.—The weather at the outset was favourable and the preparatory tillage and sowings commenced at the normal time. Dry weather up to the first-half of May hindered the growth of the crop in some West Bengal districts. Conditions have since been favourable though early rise of rivers caused slight damage in some districts. On the whole the season has been a fair one for the crop.

Acreage.—The area sown this year is reported to be 98,800 acres as against 107,500 acres last year.

Outturn.—From the estimates furnished by the District Officers, the average outturn of the crop for the province works out at 74 per cent. of the normal this year as against 68 per cent. last year.

Taking the normal yield at 6 maunds per acre, the gross outturn for the province is estimated at 16,100 tons this year against 16,400 tons last year.

Director of Agriculture, Bengal.

No. 2653M.—The 22nd July 1927.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under section 308, read with section 319 of the Bengal Municipal Act 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

Howrah.

2. The proposed plan will be taken into consideration on the 15th October 1927, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Plan.

1. The portion of the Bally Municipality which it is proposed to light with electricity is defined below :—

North—Bally khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill ; thence along the line formerly occupied by that road to the existing Joya Bibi Lane ; thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill ; thence along the northern side of that road to its junction with Girish Ghosh Lane ; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road ; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road ; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatala Lane ; thence along the eastern and northern sides of Dharmatala Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Two hundred and sixty electric lamps will be installed as shown in the accompanying statement. The Commissioners have decided to enter into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rates Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30-watts, respectively, or at a total cost of Rs. 8,552 per annum.

3. The Commissioners at a meeting proposed to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of the holdings situated within the area to be lighted as defined in paragraph 1 and within 100 yards on either side of the roads or lanes shown in the following statement and 100 yards beyond the last pole for street lighting on such roads or lanes. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 8,000. The present difference of Rs. 552 will be met from the general fund until the amount is covered by increased receipts under the head "Lighting tax" owing to the increased valuation of holdings.

EXCLUDED AREA.

NOTIFICATIONS.

No. 12741E.A.—The 6th August 1927.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council makes the following rules subject to which the Commissioners of the Kurseong Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only :—

Darjeeling.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 120 at the time these rules are first applied to such holding, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1 The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

2. A fee as stated below must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe or a communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules :—

Value of holding.	Fees.
Rs.	Rs.
120 to 600	20
601 to 1,200	40
1,201 to 2,000	60
2,001 and upwards	100

Provided that if the Commissioners direct that a holding already served by a common communication-pipe in a manner otherwise than in accordance with the proviso to rule 3 hereof shall have an independent connection to a municipal main supply-pipe, they shall allow such connection free of charge, but the owner or occupier must fix on each such connection any or all of the parts or fittings as provided for in rule 7, except a meter which shall be provided at the cost of the Municipal Commissioners as laid down in section 295 of Bengal Municipal Act, unless the holding comes within the purview of rule 11 hereof

3. Except as provided below, each holding must have a separate connection to the municipal main supply-pipe, and extensions from the communication-pipe of one holding to another holding shall not be permitted :

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding ;

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction additional connection thereto.

4. The owner or occupier of the holding in respect to which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition, or which may be necessitated by any change in the municipal water-works or system of distribution, or by the defective condition of the connection or part thereof, or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioner, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*2*) No work shall be carried out under sub-rule (*1*) except under the supervision of a Municipal officer.

(*3*) When the works required by rules 4 and 5 are carried out by the Commissioners the cost must be deposited before such works are commenced, and the owner or occupier on whose behalf the works are done will be responsible for any damage or repairs to or stoppage of the pipes after the same have been handed over by the Commissioners.

7. A holding connection shall comprise the following parts or fittings :—

(*a*) A brass or gunmetal ferrule inserted in the main supply-pipe.

(*b*) A galvanised iron communication-pipe from the ferrule to the meter.

(*c*) A stop-cock and its surface box.

(*d*) A meter for all new connections.

(*e*) Service pipes from the stop-cock to the taps.

(*f*) Taps : and

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard sample kept in the office of the Commissioners and approved by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to instal baths or lavatory fittings provided with water fittings or any other fittings not covered by the schedule of approved fittings he must present such fittings for the approval of the Chairman, and any fittings so presented, if considered necessary, may be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 300 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding	Size of ferrule.	Diameter of communication-pipes.	Number of taps.
	Inch.	Inch.	
From Rs. 120 to Rs. 600	⅝	½	2
„ „ 601 to „ 1,200	½	¾	4
„ „ 1,201 to „ 2,000	¾	1	6
„ „ 2,001 and upwards	By special arrangements.		

11. If at any time it is found that the number of taps in any connected holding is in excess of the number permitted at the time when the original connection to the holding was allowed by the Commissioners without being metered, the Commissioners may provide and fix a meter on the connection and recover the cost of so doing from the owner or occupier :

Provided that if a municipal meter, when available, is fixed under this rule the rent therefor shall be charged monthly according to the following scale :—

	Rs.	A.

(*2*) The stop-cock shall be built in a brick, stone or concrete chamber provided with a cast-iron surface covered box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13. (*1*) The meter shall be placed as near as the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick, stone or concrete chamber covered over with a cast-iron surface box of approved pattern.

14. The Commissioners shall depute an authorized person to read every meter not less than once a month.

15. (*1*) Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of—

(*a*) 4,000 gallons of water per quarter for each rupee of wate-rrate paid in respect of such holding.

(*b*) A further proportionate number of gallons per quarter for every additional fraction of rupee, paid by him quarterly as water-rate in respect of such holding.

(*2*) For all water in excess of the amount allowed under sub-rule (*1*) such owner or occupier shall be charged monthly as follows :—

(*a*) For any excess quantity of water not exceeding one-half of the amount of the allowance prescribed in sub-rule (*1*)	0	6

(*d*) For any excess quantity of water exceeding twice the amount of the allowance prescribed in sub-rule (*1*) ...	1	8

16. The Commissioners may cut off the connection between any waterworks of the Municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz :—

(*a*) If the holding is unoccupied ;

(*b*) If the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevent such officer from making such examination or inspection ;

(*c*) If the owner or occupier of the holding touches or interferes with his meter in any way, except with the permission of the Chairman, or wilfully or negligently injures or damages it ;

(*d*) If the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(*e*) If the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;

(*f*) If the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoir, taps, pipes, or any other works in connection with the water-supply not authorized by these rules ;

(*g*) If the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in leaking condition or in a state of disrepair ;

(*h*) For every instance of non-compliance with municipal requirements as may be specified in a notice in writing served on the owner or occupier of a holding ;

(*i*) For a breach of any of these rules :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*), an officer authorized by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "screw-down high pressure". Every tap shall be at least 2 feet and not more than 2 feet 6 inches above the surface of the ground beneath.

18. No cistern, tank or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding, except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereunto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

PUBLIC HEALTH DEPARTMENT.

NOTICE.

The Government of Bengal have sanctioned a scheme for the provision of a detailed permanent public health organisation for rural areas in Bengal. Every district will be divided into as many health circles as there are thanas. Every such circle will be supplied with an assistant health officer. About 600 health circles will be established under the sanctioned scheme. The new public health service will be wholly controlled and paid by district boards, subsidised from provincial revenues. Subject to local modifications, the proposed standard rate of pay will not exceed Rs. 100 a month, including house allowance and travelling allowance. No private practice will be allowed. In addition to a registrable medical licence, every assistant health officer must possess a licence or certificate in public health, for which special arrangement will shortly be made by the Bengal Public Health Department. Details of this training will be published later for general information. (*8*) No person whose licence has been endorsed or who has been disqualified for obtaining a licence shall apply for, or obtain, a licence without giving particulars of such endorsement or disqualification.

STATEMENT OF OBJECTS AND REASONS.

On more than one occasion during recent years the attention of Government has been directed to the difficulty of controlling office jaunts.—The Commissioner of Police, the Calcutta Corporation, the Bengal Chamber of Commerce and the Automobile Association have all urged the desirability of registering all office jaunts so that they may be readily identified. In the absence of a number or other permanent mark it is difficult for any one who is injured by an office jaun or for the police to trace its owner. Difficulty has also been experienced in dealing with the drivers of these vehicles as they usually give wrong names and addresses or disappear to their native districts if a summons is served on them. Whilst all other classes of street traffic are subject to some control, office jaunts, which are a serious danger at congested points, are able to ignore traffic directions with impunity because of the difficulty of tracing them. With the constant increase in the number of vehicles in use in the business quarters of Calcutta the danger arising from the lack of control over office jaunts is becoming more and more serious.

Government have come to the conclusion that it is necessary to provide for the registration of office jaunts. It has not, however, been found possible to devise a satisfactory definition of an office jaun which would cover all horse-drawn vehicles in Calcutta used as office jaunts and at the same time exclude vehicles, which although similar in appearance and construction, are employed for entirely different purposes. Government are, therefore, of opinion that the only practicable course is to take powers under a separate enactment for the registration of all horse-drawn vehicles and the licensing of drivers as in the case of motor vehicles, and to exempt by notification from the operation of the provisions for licensing and control any vehicle or class of vehicle of types which can be controlled without difficulty or are not likely to be a source of danger.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 3rd August 1927.

Summary.—During the week the rainfall was generally light in West and North Bengal, while in East Bengal it was moderate to heavy. Transplantation of winter paddy seedlings is progressing, but more rain is badly needed for the operation, especially in some West and North Bengal districts. Harvesting of autumn paddy and cutting, steeping and washing of jute are proceeding in East and North Bengal, but want of sufficient water for steeping is being felt in some North Bengal districts. The state and prospects of standing crops are generally fair. The average price of common rice for the province has fallen by about 0·41 per cent. as compared with that of the previous week.

20. Any person who is required by a notice under sub-section (*1*) or sub-section (*2*) of section 19 to do any thing may prefer an objection in writing to the Board within five days from the date of service of the notice, and the Board shall, after considering the objection, record an order withdrawing, modifying or making absolute the requisition against which the objection is preferred; or substituting for such requisition a declaration under sub-section (*3*) of section 19, if the Board, for reasons to be recorded, is satisfied that immediate remedy is necessary. [*Cf.* B. & O. Act IV of 1920, s. 20.]

Power to execute work in default of owner and to recover cost

21. (*1*) If any work required by a notice under sub-section (*1*) of section 19 be not executed, or if the order required to be taken under sub-section (*2*) of section 19 be not taken, to the satisfaction of the Board, within the period fixed by the notice, or within such further period (if any) as may be allowed by the Board, or if any work executed in pursuance of a notice under sub-section (*1*) of section 19 be not maintained in repair to the satisfaction of the Board, or if any operations required by any such notice be not carried on to the satisfaction of the Board or in any case in which a declaration has been made under sub-section (*3*) of section 19, the Board may cause such work or operations to be carried out or such order to be taken or repairs effected, and the cost incurred shall be recoverable from the defaulter or from the mine owner, owner or occupier referred to in sub-section (*3*) of section 19 as a public demand. [*Cf.* B. & O. Act IV of 1920, s. 21.]

(*2*) The cost recoverable under sub-section (*1*), shall, subject to the prior payment of the land-revenue (if any) due to the Government on the mine, land or building, be a first charge— [New.] [*Cf.* Ben. Act III of 1923, s. 205.]

(*a*) in the case of a default by a mine owner in respect of a requisition under sub-section (*1*) of section 19, upon the mine with reference to which the requisition was made;

(*b*) in the case of a default by an owner or occupier of land or a building in respect of a requisition under sub-section (*2*) of section 19, upon the land or building with reference to which the requisition was made;

(*c*) in the case of a declaration under sub-section (*3*) of section 19, upon the mine, land or building with reference to which the declaration was made

and in all the cases mentioned in clauses (*a*), (*b*) and (*c*) upon the movable property (if any) found within such mine, or upon such land or within such building and belonging to the said mine owner, or owner or occupier of land or a building, as the case may be.

22. Any person aggrieved by a declaration under sub-section (*3*) of section 19 or by an order passed under section 20 may appeal to the Commissioner within thirty days from the date of such order or declaration: [*Cf.* B. & O Act IV of 1920, s. 22.]

The Bengal Mining Settlements Bill, 1927.

(Clauses 23, 24.)

Provided that the filing of such an appeal shall not operate, unless the Commissioner so directs, to stay the execution of any work by the Board during the pendency of the appeal.

Imposition of tax

23. (*1*) The Board shall impose yearly a tax at rates not exceeding the maximum rates prescribed on— [*Cf.* B. & O. Act IV of 1920, s. 23.]

(*a*) all owners of mines in the Mining Settlement; and

(*b*) all persons who receive any royalty, rent or fine from such mines.

(*2*) The amount of the tax, shall be such amount as the Board considers likely to be sufficient, together with the other amounts estimated to be received to the credit of the Mining Settlement Fund, to meet the expenditure to be incurred by the Board under this Act.

(*3*) The assessment shall be based—

(*i*) in the case of owners of mines, on the annual output of coal from their mines; and

(*ii*) in the case of persons who receive any royalty, rent or fine, on the cess payable by such persons on land within the Mining Settlement.

(*4*) The tax imposed on every such owner or person shall be recoverable as a public demand.

(*5*) The tax due from any such owner in respect of any mine shall, subject to the prior payment of the land-revenue (if any) due to the Government thereupon, be a first charge upon the said mine and upon the movable property (if any) found within such mine and belonging to the said owner. [New.]

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may—

(*a*) regulate elections under sub-section (*1*) of section 6, and sub-section (*2*) of section 7, and prescribe the tenure of office of members of the Board;

(*b*) determine the qualifications and disqualifications of members of the Board and regulate their leave and the filling of casual vacancies amongst them;

(*2*) Whoever makes, gives or delivers any notice or return required by or under this Act which contains a statement, entry or detail which is not, to the best of his knowledge or belief, true, shall be punishable with fine, which may extend to five hundred rupees.

Prosecution of land-holder, owner, agent or manager.

33. No person shall be liable for any breach of contract if such breach be due to an order from the Board under the Act or the rules made thereunder. [New.]

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to remove certain defects both in substance and form which experience in its working has shown to exist in the Bengal Mining Settlements Act, 1912. It is proposed to enlarge the constitution of the Mines Board of Health, to give authority for the appointment of a Vice-Chairman of the Board, to enable the delegation of powers and duties of the Board to the Chairman and Vice-Chairman, to empower the Board itself to execute necessary sanitary measures and to meet anticipated expenditure by the imposition of a cess. Powers have also been given to the Board to require owners of mines to provide suitable house accommodation and medical assistance for their labourers and to compel owners or occupiers of land and buildings (as well as mine-owners) to improve insanitary properties and to enforce on the public generally regulations preventing nuisances affecting the public health. The amendment, which generally proceeds on the lines of the Bihar and Orissa Mining Settlement Act, 1920, affords an opportunity for re-casting and improving the arrangement of the provisions of the existing Bengal Act.

NOTES ON CLAUSES.

Clause 1(3).—Provision has been made to bring this Act into force in whole or in part in any area from any date that may be specified in a notification by the Local Government according to administrative convenience.

Clause 2(2).—It has been provided that any property held by a Mines Board of Health under the existing Act shall vest in such Mines Board of Health established under the new Act as the Local Government may direct.

Clauses 4 and 5.—Under the existing Act a Board is constituted before the area which it is to control is declared to be a Mining Settlement; the reverse procedure would seem preferable since many of the members of the Board will be selected from residents of the Mining Settlement. If the Board when constituted is of opinion that the area should be increased or diminished the Local Government can take action under clause 4 (*3*) on its recommendation.

Clause 5(2).—The incorporation of a Board is necessary for the purpose of litigation and other purposes.

Clause 6.—The procedure prescribed by the existing Act for the constitution of the Board is somewhat cumbrous. A member referred to in sub-sections (*2*) and (*3*) of section 3 of the Act must first be elected by his class under the rules providing for the nomination of members framed under section 11(*2*) (*a*), then be nominated by that class and then be appointed by the Local Government under section 3(*1*). It is more simple to provide that the Board shall consist of a specified number of members some of whom shall be elected by certain classes and the others be nominated by Government. The knowledge of local sanitary requirements and local interests possessed by the members elected and nominated would prove most useful to the Board.

Clause 6(5). Provision has been made for granting leave to the members.

Clauses 7, 8, 9 and 24(2) (c).—From section 8 of the existing Act it would appear that the Chairman can exercise the powers of the Board only in cases of urgency; section 11(*2*) (*a*) enables the Government to make rules to regulate his powers and functions but no powers are expressed in the Act, and no power is given to the Board to delegate its powers to the Chairman.

Experience has shown that for the efficient discharge of its duties the Board requires the services of a Vice-Chairman, yet the Act makes no provision for one.

These clauses remedy the above defects while they enable Government to regulate the exercise by, and the delegation to, the Chairman, Vice-Chairman and any officer of the Board of powers under the Act or rules.

Clauses 10, 11 and 24(2) (h).—The existing Act makes no mention of the fund to which moneys recovered are to be credited and from which current expenses are to be met, nor does it provide for the framing of estimates and the keeping of accounts; there is merely a power to make rules to regulate expenditure. Definite provisions on these points are necessary.

Clauses 12, 13 and 24(2) (d).—No provision is made in the existing Act for the appointment, suspension, dismissal, pay, pension, provident or annuity fund, etc., of the officers and servants of the Board; a definite provision is necessary.

Clause 14.—This clause makes it clear that the salaries of the Medical Officers of Health appointed by the Local Government are to be paid by the Board.

Clause 15.—This clause embodies the provisions of sections 5 and 12 of the existing Act, allowing not only duties but also powers to be assigned to Medical Officers of Health and Sanitary Inspectors by rules and directions of the Local Government and to be delegated to them by the Board.

Clause 16 lays down that mine-owners are to provide such house-accommodation, water-supply, sanitary arrangements, etc., for labourers as the Board may require in the interests of sanitation.

Clause 17 reproduces the existing provision of the law as contained in section 13 of the present Act.

Clause 18.—Under the present law, if the Board considers that any measures should be taken it is bound to serve notices on mine-owners and others requiring them to take action. It is considered proper to give the Board power to take action itself.

Clause 19.—Sub-clause (*1*) retains the Boards' power to call on the owner of a mine to take action in cases in which he is responsible for the insanitary condition of his property, and, in the alternative, to take measures itself at the defaulting owner's expense in urgent cases. The provision in sub-clause (*2*) is new. For the sanitation of a Mining Settlement to be a success it is necessary that there be power to deal with every part of the Settlement, whether occupied by labourers in the mines or by others.

Clause 20 provides for hearing by the Board of objections from any person on whom a notice has been served.

Clause 21.—Sub-clause (*1*) gives power to the Board to execute work in case an owner or occupier who is required to do it, makes default and to recover costs from the defaulter.

Such cost shall be a first charge on the property of the defaulter under sub-clause (*2*).

Clause 22 provides for appeals to the Commissioner from the Board's orders under clauses 19(*3*) and 20.

Clause 23.—The provisions of section 10 of the existing Act regarding the recovery of expenses are considered unsatisfactory. This clause takes power to impose a regular tax to meet the estimated expenditure instead of merely recovering expenditure actually incurred. The Local Government is given by clause 24(*2*) (*f*) power to limit the rates of the assessment.

Clause 25 takes for the Board a new power of making by-laws.

Clauses 26 to 29 and 31 reproduce the existing provisions of the present Act without any material alteration

Clause 30 differs from the provisions contained in section 9 of the existing Act in that it creates a presumption as to service of notice.

Clause 32 which is based on section 4 of Act III of 1897 is designed to protect persons acting in good faith.

Clause 33 provides for the protection of persons liable for a breach of contract due to his obeying a lawful order of the Board.

No. 8903A.—The 8th August 1927.—Whereas the validity of the election of Maulvi Azizur Rahman by the Mymensingh North-West (Muhammadan) constituency as a member of the Bengal Legislative Council has been brought in question by an election petition duly presented by Maulvi Muhammad Abdul Jabbar Pahlowan, under the provisions of Part VII of the Bengal Electoral Rules;

Election Case No. 1 of 1927.

Maulvi Muhammad Abdul Jubbar Pahlowan ... ... *Petitioner*

versus

1. Maulvi Azizur Rahman.
2. H. J. Twynam, Esq., I.C.S., District Magistrate and Returning Officer, Mymensingh ... ... *Respondents.*

Report.

Petitioner Maulvi Muhammad Abdul Jubbar Pahlowan was a candidate for election to the Bengal Legislative Council in November last. The constituency was the Mymensingh North-West Muhammadan constituency, which corresponds to Jamalpur subdivision. 5,816 votes were recorded. Petitioner secured 732 of these and was fourth on the list. The successful candidate Maulvi Azizur Rahman obtained 1,995 votes, and Maulvi Abdus Samad was second with 1,575.

Polling was on November 17th and 20th. On January 18th this election petition was filed by the candidate, 4th on the list, alleging that Maulvi Azizur Rahman had obtained his victory by bribery and corrupt practices. He also found fault with the Returning Officer's procedure, and made him a party to the case. He prayed that the election might be declared void.

A new election would be more likely to benefit the second candidate than the fourth. Maulvi Abdus Samad is in fact supporting the petitioner and it is suggested that being too poor to file such a petition himself, he persuaded Maulvi Abdul Jubbar Pahlowan to file it. The importance of this suggestion is that it affects the credit of Maulvi Abdus Samad who is the most important witness in the case.

This Commission was appointed on February 8th, and its first sitting was on April 19th. From March 5th onward the petitioner had been agitating for time to file a supplementary list of corrupt practices. But it was not till April 20th that the list was filed. On April 19th petitioner had begun examining witnesses. But respondent's pleader had stifled them all by objecting to the proof of facts outside the election petition. The written statement had ridiculed the election petition by asserting that the alleged bribe takers were creatures of the petitioner. So the petitioner naturally wanted to prove other instances where the bribe takers were independent.

But when the supplementary list was filed the respon lent objected that section 33(3) of the Electoral Rules contemplates only an amplification of the election petition, not the introduction of new matter. It was argued that all new instances of bribery must be excluded from evidence as being time-barred. Various precedents were cited to support this contention. But the Commissioners decided to ignore the precedents rather than report to Government that there was no evidence of corruption because the evidence of 200 or 300 witnesses had all been ruled out on technical grounds. It cannot be the policy of the law to hush up all corruption that is not discovered within a couple of months of the election. For section 32 (1) (c) of the Electoral Rules shows that if a returned candidate is subsequently prosecuted for bribery and convicted he will be unseated. We therefore hold that an election petition which gives some instances of bribery may be amplified by further instances of it. But belated instances will of course need better proof.

The number of witnesses actually examined by the petitioner was 57. And 27 was examined by respondent.

The original election petition contained instances of bribery at five polling centres. And in four cases the names of both the giver and the receiver of the bribe were given. But only two of these instances have been brought to proof. They are a donation of Rs. 100 by petitioner's agent Abdul Jalil to Guthail school, and a donation of Rs. 200 by another agent Abdul Sattar to Balijuri school.

The supplementary petition purports to contain specific instances of bribery at 23 out of 26 polling centres. But almost all of them might have been ruled out for vagueness. For except at Jamalpur, Guthail, Sherpur and Balijuri no particulars were given beyond the fact that money had been freely distributed by certain of the respondent's agents. The bribe takers were not named nor the amount of the bribes. We were asked to rule out all these instances. But we decided to enquire whether it was really true that there had been such wholesale and public corruption. The story told is that respondent's agents stood just outside the enclosures at every polling station, pressing rupees into the hands of voters and telling them to vote for Nanna Mia (Respondent 1). Usually no protest was made by bystanders, though the agents and canvassers of other candidates were in the crowd. Only one instance is proved in which complaint was made to the polling officers, though all the

payments were made in the presence of hostile witnesses. The hostile witnesses in most cases did not think the incident worth mentioning to any body. Yet the petitioner had heard of all the instances within seven days of the election. The petitioner and Maulvi Abdus Samad both say that they complained at the polls. Yet neither of them made any complaint to the Returning Officer at the count. And the pleader who drew up the election petition did not think that this wholesale and public distribution of money was worth mentioning. The Commissioners are agreed that it is not true that money was distributed in this bare-faced manner. We are agreed that the following allegations of bribery, which are not mentioned in the election petition and not specified with any particularity in the supplementary petition and which are deposed to by only one witness each, or at most two, are quite incredible because of the publicity of the acts and the absence of complaint.

(1) Sribardi Centre: Gift of Rs. 300 to 150 voters by respondent's father Mainuddin Mia on polling day (P. W. 12). This was not put to Mainuddin in cross-examination.

(2) Chandrakona Centre: Seduction of 25 voters from petitioner's agent P. W. 19 by respondent's agent Taher Maulvi who gave them a rupee each at the polls. The witness gives the same unsatisfactory sort of evidence about Nahla Centre also, but with no details.

(3) Islampur: Payment of Rs. 5 to P. W. 31 by respondent's agent Faijulla to induce him not to vote. If Re. 1 is the price of a vote, the price for abstaining from voting should have been 4 annas. This witness is not in fact a voter.

(4) Ramrampur: Gift of 2 or 3 rupees by respondent's agent Naimuddin to several unknown men (P. Ws. 35 and 55).

(5) Bausi: Similar gifts by respondent's agent Danes Mujkuri to unknown voters (P. W. 39). A President (P. W. 22), who is related to petitioner was present at the polls but makes no mention of any bribery at Bausi.

(6) Sherpur: Similar gifts by respondent's agent Abu Mahammad to unknown voters (P. W. 48).

(7) Bangaon: Distribution of sweets and money to unknown men by Asiruddin and Mainuddin (P. W. 41). This witness makes the same vague statements about Nalitabari Centre also.

(8) Dewanganj: Similar gifts of Rs. 2 each by Pacha Mia to several unknown men (P. Ws. 12 and 20). P. W. 12 who saw the gifts was watching petitioner's interests there, yet made no complaint.

(9) Buxiganj: Seduction of a voter Toki Shekh by respondent's agent Sadagar from petitioner's agent P. W. 16 by a gift of Rs. 15.

(10) Nandina: Gifts of 2 or 3 rupees to voters by respondent's agent Hayetulla. P. W. 21 says he saw it. P. W. 30, Marriage Registrar, says that P. W. 21 shouted out that Hayetulla had paid Rs. 2 to Jhopi Dhuli. But P. W. 21 does not say so. And P. W. 11 heard and saw nothing. No complaint was made to the polling officer.

(11) Buxiganj: P. W. 33 says that respondent's father went to one Habil's house and gave him Rs. 200 to procure votes. This was on polling day. Such a payment would not be made at the last moment. The witness lives close to petitioner's house at Guthail, but says he had gone to Buxiganj, some 15 miles away, to see a doctor. There were other doctors nearer home and no adequate reason for preferring the Buxiganj doctor is given. The incident is not specially mentioned in either petition, and no question was put to Mainuddin about it in cross-examination.

(12) Offer of Rs. 500 by Mirza A. Haidar to the Vice-President of Sherpur Tanzim Committee to secure its support. P. W. 6, a Sherpur pleader, deposes that the offer was made to him a few days before the election in presence of the Secretary and Assistant Secretary and was refused. But these officers are not examined. This pleader was actually canvassing for M. Abdus Samad. Mirza A. Haidar deposes that he knew this. So he is very unlikely to have made the offer to him. And we are not prepared to rely entirely on Ainuddin, the pleader, because he is a partisan witness.

The petitioner concentrated his evidence on four centres, Jamalpur, Guthail, Kulkandi and Kajraikata (or Shampur). Seven or more witnesses gave evidence about each of these centres. Respondent's pleader points out that all those four places are strongholds of the enemy, that is, places where petitioner or his relatives live and are influential. It is obviously unlikely that respondent would send men with money to distribute openly in those places. And it is incredible that if he did, it would not be mentioned in the election petition. All these four places are indeed mentioned in the election petition, but not the particulars of the bribes. Kajraikata is only mentioned in it as a place where undue influence was used.

In the supplementary petition it was said that Abdul Rasid and Abdul Sattar distributed money freely at Kajra.kata. No details were given. But at the trial two witnesses (P. Ws. 26 and 31) told us that they saw Abdul Rasid give Rs. 60 to Ahmad Bepari for the local school, and two witnesses (P. Ws. 44 and 45) say they saw him give Jaher Rs. 20 to buy a clock for the *jumma ghar*. And one witness P. W. 27 says that he saw him give Rs. 40 to Ain Kamar to buy the votes of a group of voters. All these gifts were made on polling day.

Two of these gifts were in the nature of charitable donations. Such donations are not usually given on election day. They are given a considerable time before the election, so as to influence a large number of voters. Judging by the scale of payments at other centres the respondent would expect 60 votes for Rs. 60. But a payment of Rs. 60 to the

school Secretary on polling day would secure at most the votes of the individual committee men.

All the bribes were given on polling day. If the respondent sent out agents with bags of hundreds of rupees to 26 polling centres on polling day, he not only risked a criminal prosecution and an expensive election petition case, but he probably wasted his money. It must be a very unsatisfactory business transaction to bribe voters when the ballot is secret. For there is no means of keeping the bribe takers to their undertaking or of ascertaining whether they have kept their promise or not. If a candidate wishes to get a safe return for his money he must buy popularity, not promises. It is possible to buy popularity by lavish donations to local charities. But it requires time as well as money. No sane candidate would wait till polling day before making his gifts to charity. If the respondent gave money to these school committees and prayer houses at all, it must have been done before election day. And if it was before election day we cannot hold that the gift was a corrupt one because we do not know how long before it was. Possibly it was a year or more ago. In no case have the school accounts been produced. The headmaster of one school, Guthail, offered to produce a rough account, but he admitted that it did not tally with the school account. We do not believe that these gifts were made on polling day even if they were made at all.

The donation to Kajraikata school is proved only by a tenant of the petitioner and a relation of the petitioner. There was no talk of the number of votes that Rs. 60 was to secure. The gift is not specified in either petition. We do not believe that it was made. The story of two other witnesses that a group of voters bargained outside the polling enclosure for a pious donation to buy a clock for the prayer house is humorous but not convincing. It is not specified in either petition. The payment of Rs. 40 to Ain Kamar for a group of 20 voters just outside the polling enclosure is incredible because petitioner's father was only 20 yards away ; only one witness vouches for the story. We do not believe it.

At Kulkandi two agents of respondent, named Umir and Masraf, are said to have given Rs. 20 each to three men or groups of men, and Rs. 15 to another, all just outside the enclosure. One of the gifts was for the *pathsala*. Two of these gifts are proved by two witnesses and the other by one. One weakness common to all the stories is that these criminal gifts were made in the presence of hostile witnesses. Petitioner's pleader complains of the difficulty of proving secret crimes. But we cannot admit that it is legtimate to get over the difficulty by giving false evidence that the crime was done in public. The evidence offered to prove these improbable gifts contains no internal evidence of its truth. And the gifts are not specified in either petition, though petitioner knew of them long before the election petition was filed. The election petition mentions specific bribes at Kulkandi, but they were said to have been given by respondent himself and his brother Pacha, not by Umir and Mashraf, and they were given to entirely different persons from those named in the evidence We disbelieve the evidence about Kulkandi.

No less than eight witnesses assert that respondent's agent Abdul Jalil gave Rs. 100 for the school and madrasa at Guthail on polling day. Guthail is the home of the petitioner's father, and his house is only a *rasi* or so away from the shop of Basiruddin where the money was paid. Petitioner's father is a member of the school committee. And his uncle is ijaradar of the bazar. Basiruddin, who received the bribe to secure votes for the respondent, was personally desirous that the petitioner should be elected. This gift of Rs. 100 to Basiruddin for the school is the most important item in the case because the election petition plainly refers to this transaction. But it speaks of it as an offer, not a gift. And it names the offerer as Pacha Mia, the respondent's brother, not his agent Abdul Jalil. This discrepancy is sufficient to support our view that if there was any gift or offer to this school at all it was at some unknown period prior to the election, not on election day. The witnesses significantly contradict each other as to when the money was divided between the school and the madrasa. And the school and madrasa accounts are not produced. We are not satisfied that this gift was ever made. And we entirely disbelieve that it was made on polling day.

The evidence of two other witnesses that respondent's agent Jalil also freely distributed money outside the polling enclosure to unknown men, and that he offered Rs. 3 to witness Bahadur who refused it is incredible to us because this village, Guthail, is the home of petitioner's father and full of his relations and dependants.

At Jamalpur where Adbus Samad lives and petitioner dwells and which is the headquarters of the subdivision, we are told that two agents of the respondent, named Mohiuddin and Har Prasanna Ganguli, were freely distributing money just outside the polling enclosure. This is an important instance because Maulvi Abdus Samad complained to the polling officer that bribes were being given in the crowd outside the enclosure. The polling officer was the local munsif and he is a witness.

Maulvi Abdus Samad says that he saw respondent's officer Surendra Ganguli give rupee 1 to a voter named Kalimuddi in the crowd outside the enclosure, and that he at once went and informed the polling officer, who came out and cleared the entrance. He admits that he did not give the munsif the name of the bribe taker, but says that he thinks he named a Ganguli and Mahiuddin as men who were distributing money. He did not point out the culprits to the munsif because Kalimuddi had entered the enclosure, and was mixed up with other people, and because the Ganguli had moved away from the entrance. He says that the munsif came out and caught hold of two men at random but let them go again.

The munsif says that Abdus Samad came and told him that some of the agents were offering bribes in the crowd at the gate of the enclosure. So he went out and dispersed the crowd. So far as he remembers no names were given to him at all, nor was he told which candidate's agents were the offenders. He did not enter the incident in the order sheet because he found nothing wrong.

The respondent has two officers named Ganguli, two brothers, Surendra and Harprasanna. Surendra was in Court and Maulvi Abdus Samed identified him as the culprit. But respondent has produced good evidence that Surendra was not in his service at the time of the election. He was out of his service for about four months and at the time of election was at his home in Dacca. Two postcards written by him, from Dacca to his brother have been put in to prove this *alibi*.

In the election petition the incident was not mentioned at all, though Abdus Samad (who is a Jamalpur pleader) was defending the petitioner in a criminal case at the time of election and must have had occsion to see him soon after it. Jamalpur was specially mentioned in the election petition as a place where there had been corrupt practices. But the only corrupt practice specified was the offer of money by petitioner's father-in-law Mirza Sahib to hostile voters to deter them from voting.

In the supplementary petition it was stated that Abdul Samad had seen two instances of bribery at Singjani school centre (which is in Jamalpur town), but Mohiuddin alone was named as the giver of the bribe and the recipient was not named at all.

Both Abdus Samad and the petitioner were present at the counting of the votes, and neither of them made any complaint to the Returning Officer.

It seems clear to us that, though Maulvi Abdus Samad complained to the polling officer that bribery was going on in the crowd, he did not really see any particular person give or receive a bribe and did not know which party's agent was at fault. He got his information from P. W. 28, an agent of the petitioner, who says that he saw Har Prosad Ganguli and Mahiuddin giving money to voters at Singjani school centre, and that he at once informed Abdus Samad about it. He says that he saw Mahiuddin pay Re. 1 to Kalimuddi and Rs. 2 to Mofizuddin. This of course contradicts Abdus Samad's statement that a Ganguli gave the Re. 1 to Kalimuddi. The witness tries to reconcile the discrepancy by saying that the Ganguli first gave the money to Mohiuddin. But he says that the Ganguli was Har Prasad, not Surendra and that he did not see Surendra there at all. Obviously Abdus Samad was not an eye-witness. And P. W. 28 cannot be relied on because he hopelessly discredits himself by his evidence about another incident. This other incident was at Jamalpur thana centre. The supplementary petition asserts that at that centre Har Prasad Ganguli paid Rs. 10 to one Goher, and that Mohiuddin paid Rs. 5 to Lal Mamud and Rs. 10 to Dastur Mahmud, and that Mirza Sahib paid Rs. 2 each to five other men. The only witness to these payments is P. W. 28 and he says in examination-in-chief that he saw Mirza Sahib pay Rs. 3 to Goher, Rs. 4 to Lal Mahmud and Rs. 2 to Dastur. This of course disagrees entirely with the petition. But in cross-examination the witness disagreed with his own evidence and said that Rs. 4 had been given to Goher and Rs. 3 to Lal Mahmud. He also in cross-examination contradicts his own evidence about the incident at Singjani school centre and says that it was Har Prasad who gave the bribe to Kalimuddi, and that he gave it after Abdus Samad had raised the alarm.

The only other witness to the Singjani school incident is P. W. 7 who heard a row and saw a man run away. He heard no names. No evidence has been offered about the other bribes referred to in the supplementary petition as being given at Jamalpur. It is very unlikely that bribes would be given just outside the polling station at Jamalpur. And we are satisfied that the evidence about such bribes is not true. A deposit of Rs. 50 with a Jamalpur typist for payment to voters is mentioned in the supplementary petition. But the typist says that the money was not intended for payment to voters and that it was not spent. There is no other evidence on the point.

The alleged payment of Rs. 200 to the school at Balijuri is another important instance, because it finds a place in the original election petition. It was said in that petition that Rs. 250 had been given to Balijuri and Digpait school committees. But the name of the agent was not given. In the supplementary petition it was stated that certain agents of the respondent had admitted to Abdus Samad that Rs. 300 had been paid to Balijuri school committee and Rs. 250 to Hajrabari Madrasa committee.

No evidence has been given about any payment to Digpait school or Hajrabari madrassa. And Abdus Samad does not mention the donation to Balijuri school. But two witnesses (P. Ws. 23 and 41) say that respondent's agent Abdul Sattar paid Rs. 200 to the Secretary of Baliajuri School Committee on polling day, and that Rs. 50 was to be paid later, but has not yet been paid.

P. W. 23, however, discredits his own story by saying that the respondent personally came and asked for the committee's votes 10-15 days before the election and that they told him they would vote for the nominee of the Calcutta Independent Moslem Party. Petitioner admits that the nominee of that party was the respondent. The respondent was therefore assured of the committee's votes 10-15 days before the polling day and there was no occasion to send a man to bribe them to vote for him. The witness admits that the committee voted for the respondent because they considered him the best man and that the donation did not influence their choice. He says it was only a rich man's subscription. The school accounts are not produced to show when the subscription was

paid. We do not believe that it was paid on election day or in connection with the election, and we are not satisfied that it was paid at all.

It was alleged in the election petition that the respondent had induced Abdus Samad to stand as a candidate. And the Public Prosecutor, Khan Bahadur Mahammad Ismail, has deposed that at the respondent's request he used his influence to induce Abdus Samad to stand for election, and that he understood that respondent would retire from the contest in his favour. If that was the understanding Abdus Samad of course has a grievance against the respondent. But it is not clear how the petitioner was injured unless he thinks that all Samad's votes would have gone to him if Samad had not been a candidate. If they had, the petitioner would have headed the poll. But no reason has been given to us for supposing that all Samad's votes would have gone to the petitioner. And to induce Samad to stand for election, even if it was a cunning trick to split the hostile vote, cannot be brought under the head of corrupt practices. A promise to retire in favour of Samad is not same as a promise of a gratification to induce him to stand. No gratification was offered. In the original petition it was said that the respondent promised to support Samad in his candidature for the Chairmanship of the Local Board if Samad would also stand for election to the Council. But Samad himself does not say that the respondent induced him to stand, nor does he say that respondent promised to help him in the local board election. There is no evidence of any such promise.

This finishes all the cases of alleged bribery. But the charge of treating remains. In the election petition it was alleged that respondent's agents treated voters at Sherpur, Nilakshia and Jamalpur to food after the election, and that sweets were distributed at Islampur, Baxiganj, Sribardi, Shapmari and Bangaon, and that *pan* and cigarettes were distributed at all centres. The supplementary petition added that sweets were distributed at Ramrampur and Dewanganj as well as Sherpur, and that oranges were distributed at Bausi.

Beyond a reference by the petitioner himself to an invitition to dinner at Sherpur no evidence has been given about the food after the election, and hardly any evidence about the distribution of sweets. Ainuddin, pleader, P. W. 6 says he saw petitioner's Sherpur agent bringing some sweets to the polls, but says nothing of their distribution. P. W. 48 says they were distributed at Sherpur thana centre which was not a centre at all. P. W. 41 speaks of the distribution of sweets at Bangaon. About 20 witnesses say that *pan* and cigarettes were provided at all centres. But the evidence is that all the candidates alike provided *pan* and cigarettes for the refreshment of voters, and that the stall keepers gave them freely to any body that wanted them. No promise to vote for any particular candidate was demanded, and no such undertaking was implied. The treating, therefore, did not amount to bribery. And as there is no evidence whatever that it had any effect on the result of the election, it is not a sufficient ground for declaring the election void. P. W. 36, who says he acted as respondent's election clerk (which respondent denies) deposes that *pan*, cigarettes and sweets were distributed at Sherpur. But he says that the *pan* and cigarrettes were supplied and taken as a matter of courtesy and had no connection with the voting. He says that 60-70 voters took sweets and that they were given in secret. But he was admittedly betraying his employer by deposing in this way, and we cannot regard him as a reliable witness. He was in fact an accomplice and the only evidence to corroborate him is that of Ainuddin, pleader, a partisan.

The election petition also alleged that the respondent's agents had provided hired carriages to convey voters to the polls at Sherpur and Jamalpur. But again the only evidence is that of the treacherous clerk and the partisan pleader. It was only at Sherpur (if at all) that hired carriages were used, and the corrupt practice cannot have had any material effect on the result of the election.

The election petition says that ferry fares were paid for voters at Ambaria and Dighrichar ferry ghats. And the supplementary petition adds Sharmara (Ramrampur) ferry ghat. Three ferrymen were examined to assert that they carried voters free on an undertaking by Nanna Mia's agents to pay the cost. But it is admitted that all the villagers who habitually use a ferry have a yearly contract with the ferryman. And the attempts of the ferrymen to specify the amounts that they were paid for respondent's voters or by respondent's agents ended in hopeless confusion. The statement in the election petition that the fares were paid by Abdul Rasid and Abdul Sattar disagrees entirely with the evidence, from which no clear conclusion can be drawn as to who, if anyone, paid the fares.

The election petition also stated that the same agents Abdul Rasid and Abdul Sattar paid voters' railway fares from Dagi to Dusmot. The supplementary petition alleged that three other agents paid railway fares from Kendua Kalibari to Ba si. The first allegation has been abandoned. The second is proved by one witness only, a President, prosecution witness 22. He says that he was in the train on his way to Bausi on election day, and that when the train stopped at Kendua Kalibari he saw canvassers of all five candidates standing on the platform with bundles of railway tickets in their hands, distributing them to passengers. He gives the names of respondent's agents (Danesh Mujkuri and Sashi Chaudhury), but he cannot give any other particulars at all. He cannot swear that the persons to whom tickets were given were voters or that the candidates paid for the tickets. There is no suggestion in the evidence that this sort of thing happened at any other station. The witness, though a President, did not report it to anyone. His description of what happened is vauge. The story was not brought to light till five months after the election. We cannot say that the incident is true.

The original petition alleged that no polling took place in four of the notified polling places and that voters therefore could not vote. But no voter complains that he was unable to vote. And the Subdivisional Officer, who was in charge of the election, deposes that the four places specified in the petition have alternative names, and that they were properly notified and polling did take place there.

It was also alleged that voters were admitted to the polls after the specified hour at Jamalpur and Nandina centres. An attempt has been made to prove this. The Nandina postmaster (P. W. 42) says that he came by a train that is due to arrive at 3-30 P.M. local time, and that he reached the polling station 10-15 minutes later and was allowed to vote. He says that 10-15 men entered the enclosure after him. A marriage registrar (P. W. 30) says that the people inside the enclosure at Nandina were allowed to go out to say their prayers after 4 P.M., and that when they came in again, many late-comers came in with them. But he does not mention the name of any person who was a late comer or say that he particularly noticed any individual who came in at the re-entry and was not inside before. Even if this irregularity occurred at Nandina, it only meant an addition of ten or fifteen votes and did not affect the result of the election.

One witness (P. W. 38) deposes that respondent's agent took him to the polls to vote, and that the polling officer found that he was not a voter and excluded him. The voter was another man of the same name. This was apparently a *bona fide* mistake of respondent's agent. There is nothing in the petition about any fraudulent attempt by a non-voter to vote.

The petition made allegation of undue influence on tenants. But no evidence at all has been given of this.

The petition specified certain leaflets and pamphlets as being objectionable because they contained false statements about petitioner or because they did not bear the printer's or publisher's names. But the statements complained of reflect on the petitioner's conduct and capacity as a legislator, not on his private character or conduct. And no evidence has been given that they are false. One poster was exhibited which had no publisher's name. But the respondent exhibited the original poster and made it apparent that the lower portion of it had been cut off for the purpose of this case.

Another grievance of the petitioner was that the respondent's nomination paper had been improperly accepted since there was a mistake of a single letter in the respondent's father's name. The mistake in the printed copy had however been detected before the election, and had been corrected in as many copies as possible. The mistake was not such as could cause any doubt as to the identity of the candidate, and it would have been quite improper to reject the nomination paper. Petitioner's other complaints about the exclusion of candidates at the time of count and about the improper acceptance of the nomination of Giasuddin have been proved to be entirely without foundation.

The result is that we find that charge of wholesale and public bribery on election day is entirely false. And though considerable evidence has been given that donations were given to schools in order to procure votes we are not satisfied that the evidence is true. The evidence about corrupt practices is open to suspicion because the petitioner has specified in his petition every corrupt practice known to the law. A number of witnesses assert that *pan* and cigarettes were provided for the refreshment of voters and we cannot say that this is false. But as it was done by all the candidates, and as voters and spectators alike could refresh themselves at any of the stalls, it cannot have affected the result of the election. Instances of other corrupt practices specified above are too few to have affected the result, even if they are true. And there is so much that is false in the sweeping charges made by the petitioner that we cannot with confidence accept anything as true. Our conclusion is that there is no ground for declaring the election void.

In the result it appears that our decision to accept the petitioner's supplementary petition and to admit as evidence new instances of bribery was an unfortunate decision. It has resulted in a great waste of public time and money in recording a mass of untrue evidence. The petitioner, whose father is alive, is not a man of means, and will probably be unable to make good the loss. The security he has given is inadequate for the cost of so prolonged a trial.

We recommend that the election petition should be dismissed, and that the petitioner should pay the costs of both the respondents. Respondent No. 2 is the Returning Officer who has been wrongly made a party. The Government Pleader had to appear on his behalf. We assess his costs at Rs. 150. There is nothing in the election rules to make the petitioner liable for the costs of Government in setting up the Commission. We assess the costs of respondent No. 1 at Rs. 750 in addition to the sum paid for witnesses' expenses and process fees.

Rule 68-II (1).

For clauses (*a*) and (*b*) and the notes thereunder *substitute* the following :—

Formula (1).

$$\text{Average pay} = \frac{A+P}{2} + \frac{(P-A)}{2}\left[1-(R+1)\left\{\cdot 014+\frac{1-01R}{F-E}\right\}\right]$$

Formula (2).

$$\text{Average pay} = \frac{A+P}{2} + \frac{(P-A)}{2}\left[1-(R+1)\left\{\cdot 021+\frac{1-015R}{F-E}\right\}\right]$$

In the formulæ (1) and (2),
A=minimum pay,
P=maximum pay,
R=period of rise,
E=average age at entry in the grade, and
F=average age at retirement on superannuation pension. This may be taken to be 55 in almost every case, unless there are special reasons to take it either at a lower or a higher figure.

Formula (3).

$$\text{Average pay} = \frac{A+C}{2} - \frac{(C-A)}{2}\left[1-(S+1)\left\{\cdot 006+\frac{1-\cdot 004S}{G-E}\right\}\right]$$

In formula (3),
A=minimum pay,
C=Pay just before promotion to the second grade,
S=period of rise from A to C,
E=average age at entry in the first grade, and
G=average age at the time of promotion to the second grade.

Formula (4).

$$\text{Average pay} = \tfrac{1}{2}\left(A + W_1B_1 + W_2B_2 + X_1C_1 + X_2C_2\right).$$

Where A=the initial pay of the scale,

B_1, B_2=the maximum pay of the different sections of the scale, such as the ordinary scale, the scale for passed clerks,

W_1, W_2=the proportion of the establishment which would normally be in the different sections, the maximum pay of which are B_1, B_2 respectively,

C_1, C_2=the pay at the different efficiency bars, and

X_1, X_2=the proportion of the establishment which would normally be detained at C_1, C_2 respectively.

NOTE.—Formula (1) is to be used in the case of gazetted appointments, while formula (2) in the case of non-gazetted posts. In cases where one grade is the channel of promotion to another grade, that is to say, where everybody in the first grade is ultimately promoted to the second grade, formula (3) may be adopted to find the average cost of appointments in the first grade. The use of formula (4) should be restricted to cases involving an elaborate scale, consisting of two or more sections with efficiency bars at one or more stages.

Date of effect—6th August 1927.

Annual Report on the Light Houses and Light Vessels in Bengal Presidency for the year 1926-27	1005—1009

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Cotton Crops of Bengal, 1927-28.

NOTE.—On an average of the five years ending 1925-26, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State, and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. *As the late crop has not yet been sown, this forecast deals only with the "early" crop.*

Character of the season.—At the outset the weather was unfavourable in the Chittagong Hill Tracts, Midnapore and Mymensingh, owing to heavy rain in the former and drought in the latter two districts. Elsewhere the conditions are favourable throughout. The present outlook, so far, is reported to be fairly favourable.

Area sown.—The area sown is reported to be 76,752 acres this year, as against 75,161 acres (revised) reported in the corresponding forecast of last year.

ROBERT S. FINLOW,
Director of Agriculture, Bengal.

DACCA, *the 10th August 1927.*

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Sugarcane Crop of Bengal, 1927-28.

(NOTE.—On an average of the five years ending 1925-26, the area under sugarcane in Bengal has represented some 7·5 per cent. of the total area under sugarcane in British India.)

Character of the season.—At the outset the weather was generally favourable both for planting and for the growth of the early crop. Scanty rainfall from March to first half of May interfered with the development of the young plants, especially in some West and North Bengal districts. Since then good rainfall has improved prospects and the present outlook is promising on the whole.

Area planted.—The total area planted with sugarcane for the province is reported to be 208,800 acres this year, against 203,100 and 200,800 acres reported in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

C. ADDAMS-WILLIAMS,
Chief Engineer to the Government of Bengal,
Irrigation Department.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for July 1927.

I. **Character of the season.**—During the month under review the rainfall was considerably in defect of the normal throughout the Presidency except in the 24-Parganas, Midnapore, Darjeeling, Cooch Bihar and Tripura State where it was slightly in excess of the normal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings was proceeding, but satisfactory progress could not be made for want of sufficient rain. Cutting, steeping and washing of jute are proceeding in East and North Bengal, but insufficiency of water for steeping was felt in parts of North Bengal. Reaping of autumn paddy progressed satisfactorily.

III. **State of standing crops.**—The standing crops were doing fairly well, but more rain was needed for their growth.

IV. **Prospects and probable outturn.**—The outturn of summer *til* was estimated at 74 per cent. of the normal. The outlook of deep water paddy and sugarcane was promising. The prospects of transplanted paddy are likely to be threatened if the present dry weather continues for some time.

V. **Damage to standing crops.**—Damage to some extent is reported to have been caused to jute by drought and insect pests in parts of West and North Bengal and by excessive rain and floods in parts of Midnapore, Jalpaiguri and Pabna.

VI. **Condition of agricultural stock.**—The condition of live-stock was fair. Sporadic cases of cattle-disease, however, were reported from about twelve districts during the month.

VII. **Failure of pasturage and fodder.**—No scarcity of fodder was reported from any part of the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in eight districts, fell in nine and remained stationary in the rest of the province. The prices ranged from 4½ seers per rupee at Mymensingh to 7 seers per rupee at Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was generally fair.

Director of Agriculture, Bengal.

Norman's Point Light House. The building, lantern and clockwork are in good order. The light was exhibited without interruption, and the clockwork machinery worked well throughout the year.

A new fourth order white revolving optic of 65,000 candle-power was, as reported last year, obtained from the Trinity House, London, in the latter part of the year. The old light was extinguished and the new light installed and exhibited from the 18th April 1927. It will increase the visibility from 10 to 13 miles.

2. **Kutubdia Light House.**—The tower, lantern-room and clockwork are in good order. The light was exhibited without interruption throughout the year.

3. **Light Vessels on South Patches Shoal.**—The Light Vessel "Sarsuti," which was replaced in position on the 2nd February 1926, was removed on the 14th February 1927, and brought into the port

for her annual overhaul and repairs. During her absence the unattended acetylene gas buoy, which was refitted with a new lantern, has temporarily taken her place, exhibiting a white flashing light visible at a distance of 9 miles. The health of the crew was good.

The improvement of this light, which is considered absolutely inefficient from a mariner's point of view, is a matter of urgency.

4. The following statement shows the hours during which the lights at Kutubdia and Norman's Point were exhibited and the amount of oil and wicks expended during the year:—

NOTIFICATIONS.

Minister-in-charge : The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

No. 2653M.—The 22nd July 1927.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

Howrah.

2. The proposed plan will be taken into consideration on the 15th October 1927, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Plan.

1. The portion of the Bally Municipality which it is proposed to light with electricity is defined below :—

North—Bally khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane; thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatala Lane; thence along the eastern and northern sides of Dharmatala Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Two hundred and sixty electric lamps will be installed as shown in the accompanying statement. The Commissioners have decided to enter into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rates Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of Rs. 8,552 per annum.

3. The Commissioners at a meeting proposed to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of the holdings situated within the area to be lighted as defined in paragraph 1 and within 100 yards on either side of the roads or lanes shown in the following statement and 100 yards beyond the last pole for street lighting on such roads or lanes. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 8,000. The present difference of Rs. 552 will be met from the general fund until the amount is covered by increased receipts under the head "Lighting tax" owing to the increased valuation of holdings.

Page 116—

Insert the following under this rule :—

Calculation of the amount of leave to be credited to the leave account of a Government servant, other than a military commissioned officer, on his permanent transfer from military to civil employ.

Audit instruction.—In calculating the amount of leave that should be credited to the leave account of a Government servant, other than a military commissioned officer, on his permanent transfer from military to civil employ, Fundamental Rule 77 (*d*) should be read with the provisions of the preceding clauses of that rule, so that such portion of the Government servant's military duty as, under the rules for the time being in force count for pension should be reckoned as duty for the calculation of the amount of leave to be credited under clause (*b*) of the rule.

In the same connection, a further point for consideration is whether in cases where a portion of the military service, which is allowed to count for civil leave under clause (*d*), was rendered prior to the 24th July 1923, the date on which "domicile" was adopted as the sole criterion for eligibility for admission to the benefits of the special leave rules, the proportion for the calculation of the credit in respect of that portion of the military service should be one-eighth or one-twelfth. This point will be decided by the Governor-General in Council in each case as it arises on its merits.

Date of effect—3rd January 1927.

Fundamental Rule 82 (*b*).

Pages 122-3—

Audit instruction.—Number the existing "Audit instruction" as (*i*) and insert the following as (2) :—

Reduction of leave in the leave account of Government servants of Vacation Departments.

(2) The term "each year of duty" should be interpreted to mean, not a calendar year in which duty is performed, but twelve months of actual duty. If the Government servant has enjoyed such vacation as falls within a period of twelve months beginning on the day on which he begins his duty on return from leave or otherwise, then one month should be deducted from his leave account. It does not matter whether the day on which this year ends falls in a vacation in the succeeding calendar year. The only question is whether the Government servant has enjoyed such vacation as fell within the period of one year as interpreted above.

If, to take an example, a Government servant before going on leave has not completed a full year of duty (including vacation) during the course of the second calendar year, then the fraction of one month which should be deducted from the leave account is the fraction which the period of duty, including vacation, bears to the whole year. If, to take a further complication, he has not enjoyed the whole of the vacation which fell during that period of less than a year, then the amount which should be deducted is the proportion of the period, which the proportion of vacation actually enjoyed bears to the whole period of vacation which fell within that period.

In the case of Government servants who are allowed two vacations in the year instead of one, the periods of the two vacations should be regarded as combined into one.

Date of effect—25th October 1926.

Date of effect—3rd January 1927.

Fundamental Rule 100 (a).

Page 138—

Insert the following under this rule :—

Calculation of leave on average pay of military officers in civil employ who remain subject to military leave rules.

Audit instruction.—In reckoning service for the purpose of calculating leave to military officers in temporary civil employ a period of six months should be excluded after the expiry of the privilege leave mentioned in Fundamental Rule 100 (*a*) (*i*), whether this is taken by itself or combined with other leave.

Date of effect—25th October 1926.

Fundamental Rule 98.

Insert the following under proviso (*a*):—

Interpretation of proviso (a).

Audit instruction.—Proviso (*a*) of this rule does not override rule 16 of the High Court Judges' (India) Rules, 1922, which prescribes the amount of leave salary payable during leave but is to operate in addition to rule 16 of the High Court Judges' Rules.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 17th August 1927.

Summary.—During the week the rainfall was generally light and scattered excepting in parts of Midnapore, Bakarganj, Chittagong and Noakhali where it was a little in excess of the normal. Transplantation of winter paddy seedlings is progressing, but more rain is needed for the operation and for the growth of standing crops generally. Cutting, steeping and washing of jute continue, but want of sufficient water for steeping is still being felt especially in some North Bengal districts. Condition and prospects of standing crops are generally fair. The average price of common rice for the province has practically remained stationary as compared with that of the previous week.

The following is a list of the superior staff of the Garden at the end of 1926-27:—

Superintendent.—Rai Bijay Krishna Basu Bahadur.

Assistant Superintendent.—Babu Somadev Ganguli.

Store-keeper.—Babu Jugal Kishore Roy.

1 Salutri.	14 Gardeners.
1 Jamadar.	3 Sweepers.
8 Durwans.	1 Chaprasi.
20 Keepers.	1 Carpenter.
2 Bhistis.	2 Cartmen.
1 Cook.	1 Syce.
1 Head Gardener.	1 Scytheman.

1 Night-watchman.

The general health of the animals during the year under report has been satisfactory. Casualties throughout the year have been normal, and only such as are unavoidable among a collection of animals in a tropical climate.

No structural improvements of importance were undertaken. Repairs and alterations to existing buildings were effected as follows—

(1) The teakwood flooring of the Burdwan House for large carnivora had become rotten and a new rat-proof patent-stone floor was laid in all the outside dens, each of which was fitted with a small wooden platform.

(2) The sloped teakwood shelter over the roof of the Soneburra Enclosure having become dilapidated and unsafe it was dismantled and the existing roof was made watertight, rain-water pipes were laid, and a parapet was constructed.

On account of want of funds only those houses which needed immediate repairs were attended to. The usual repairs to roads and paths were postponed for the same reason.

Special attention was given to the Gardens during the rains. Many old trees were cut down and unsightly shrubs cleared and the appearance of the grounds has been much improved. The usual show of flowering annuals was exhibited and much appreciated by the public.

The Garden was awarded several prizes at the Agri-Horticultural Society's Flower Show held in February 1927 for its exhibits of annuals.

The finances of the Garden were seriously affected by local conditions during the early part of the year. These are reflected in the heavy fall in the receipts at the gate, which is attributed to the communal riots. But as the year progressed the position improved and there is reason to believe that the average daily number of visitors to the Garden has now returned to the normal figure. Notwithstanding the reduction in income it has been possible by the exercise of rigid economy to maintain the standard of the Garden and of the collection, which must always be the primary consideration. The need for a margin against unforeseen contingencies has been already stated in Annual Reports and the events of the year under review furnish an instance of how the Garden may be affected by external causes.

The following is a comparative statement of visitors and receipts for recent years—

Year.	Number of visitors.	Receipts.
		Rs. A.
1924-25	.. 877,478	.. 64,420 7
1925-26	.. 943,553	.. 67,706 12
1926-27	.. 826,211	.. 58,486 4

A large number of children under four years of age and school children, attended by their teachers, were admitted free. On the occasion of the Fancy Fair on 31st December 1926 and 1st January 1927 about 19,568 people visited the Garden.

In addition, 35,942 persons visited the Garden on free days. A detailed statement of the number of visitors and receipts appears in Appendix B.

The thanks of the Committee are due to those ladies and gentlemen who have added to the Zoological Collection by donations, a list of which is given in Appendix C. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted, either because the particular species was already sufficiently well represented, or owing to want of accommodation.

The Committee also desire to express their thanks to the following Railway and Steamer Companies for kindly conveying the animals belonging to the Gardens free of charge:—

E. I. Railway, B. N. Railway, B. I. S. N. Co., Ld., through Messrs. Mackinnon Mackenzie & Co. and R. S. N. Co., Ld., through Messrs. Macneil & Co.

The Corporation of Calcutta at their meeting held on 29th October 1926 sanctioned a grant of Rs. 22,495-8 to the Garden for the year under report, and the amount of the rate bills in respect of the Garden was adjusted against the sanctioned grant as the rate bills fell due. The Committee desire to take this opportunity of expressing their thanks to the Corporation of Calcutta for their generous contribution to the funds of the Garden.

Thanks are also due to the Officer Commanding and Officers of the 3rd Battalion, 17th Dogra Regiment, for permitting their regimental band to play at the Garden on Tuesday afternoons free of charge.

The Committee are much indebted to those members of the public who send their old and broken-down horses to the Zoological Gardens.

G. MORGAN,
Honorary Secretary.

P. L. BUCKLAND,
President.

The 16th August 1927.

No. F.-922/25.—The following rules made by the Secretary of State in Council of India, with the concurrence of the Lord Chancellor, under the Indian and Colonial Divorce Jurisdiction Act, 1926 (16 and 17 Geo. 5), are published for general information :—

Rules under section 1(4), Indian and Colonial Divorce Jurisdiction Act, 1926.

Short Title and Commencement.

1. (1) These rules may be called the Indian (Non-Domiciled Parties) Divorce Rules, 1927.

(2) They shall come into force on the 27th day of July 1927.

Appointment of Judges.

2. (1) As soon as may be after the coming into force of these Rules the Chief Justice of each of the High Courts referred to in sub-section (1) of section 1 of the Indian and Colonial Divorce Jurisdiction Act, 1926 (hereinafter called "the Act") shall submit to the Lord Chancellor through the Secretary of State for India the names of such number of judges of the Court (including, if he thinks fit, the name of the Chief Justice himself) not exceeding six, as he may consider necessary for the purpose of exercising jurisdiction under the Act and these Rules.

(2) Upon the approval of the Lord Chancellor to any nomination so submitted being signified to the Chief Justice by the Secretary of State for India, the Chief Justice shall cause the names so approved to be notified in the local official Gazette (or, in the case of the High Court of Judicature at Calcutta, in the *Gazette of India*) as judges appointed to exercise jurisdiction under the Act, and the judges whose names shall have been so notified shall thereupon have power to exercise jurisdiction accordingly.

(3) At any time after the first nominations under these rules have been approved, the Chief Justice may propose the names of a further judge or judges to take the place of, or to exercise jurisdiction in addition to, the judge or judges for the time being having powers under the Act; and when such further nominations are approved they shall be notified as aforesaid.

3. Every petition under the Act shall be heard by a single judge nominated and approved as hereinbefore provided, sitting without a jury, and, subject to the provisions of the Indian Limitation Act, an appeal shall lie to a bench of two other judges who have been similarly nominated and approved against any decree or order which would be appealable if it had been passed in proceedings under the Indian Divorce Act, 1869, and shall be disposed of accordingly. Each such bench shall be constituted by the Chief Justice as occasion may arise.

4. Nothing in these rules shall be deemed to prevent the exercise of any ultimate right of appeal to His Majesty in Council.

Petition.

5. All proceedings under the Act shall be commenced by filing a petition to which shall be attached a certified copy of the certificate of the marriage.

6. (1) In the body of a petition praying for the dissolution of a marriage shall be stated—

(*i*) the place and date of the marriage and the name, status and domicile of the wife before the marriage,

(*ii*) the status of the husband and his domicile at the time of the marriage and at the time when the petition is presented, and his occupation and the place or places of residence of the parties at the time of institution of the suit,

(*iii*) the principal permanent addresses where the parties have cohabited, including the address where they last resided together in India,

(*iv*) whether there is living issue of the marriage, and if so the names and dates of birth or ages of such issue,

(*v*) whether there have been in the Divorce Division of the High Court of Justice in England or in the Court of Session in Scotland or in any Court in India any, and if so what, previous proceedings with reference to the marriage by or on behalf of either of the parties to the marriage, and the result of such proceedings,

(*vi*) the matrimonial offences charged set out in separate paragraphs with the times and places of their alleged commission,

(*vii*) the claim for damages, if any,

(*viii*) the grounds on which the petitioner claims that in the interests of justice it is desirable that the suit should be determined in India.

(2) The petition shall conclude with a prayer setting out particulars of the relief claimed, including the amount of any claim for damages and any order for custody of children which is sought and shall be signed by the petitioner.

Verification of petition.

7. The statements contained in every petition under these Rules shall be verified by the petitioner or some other competent person in manner required by the Code of Civil Procedure for the time being in force for the verification of plaints, and in cases where the petitioner is seeking a decree of dissolution of marriage the verification shall include a declaration authenticated in like manner that no collusion or connivance exists between the petitioner and the other party to the marriage, and that neither the petitioner nor, within the knowledge of the petitioner, the other party to the marriage, has instituted proceedings which are still pending for the dissolution of the marriage in England or Scotland.

Co-respondents and Interveners.

8. In every petition presented by a husband for the dissolution of his marriage the petitioner shall make the alleged adulterers co-respondents in the suit, unless the Court shall otherwise direct.

9. Where a husband is charged with adultery with a named person, a certified copy of the pleading containing such charge shall, unless the Court for good cause shown otherwise directs, be served upon the person with whom adultery is alleged to have been committed, accompanied by a notice that such person is entitled, within the time therein specified, to apply for leave to intervene in the cause.

Service of Petitions and Notices.

10. Every petition or notice referred to in these Rules shall be served on the party to be affected thereby, either within or without British India, in the manner prescribed by the Code of Civil Procedure for the time being in force for the service of summonses:

Provided that unless the Court for good cause shown otherwise directs, service of all such petitions and notices shall be effected by delivery of the same to the party to be affected thereby, and the Court shall record that it is satisfied that service has been so effected.

Answer and subsequent Pleadings.

11. A respondent or co-respondent, or a woman to whom leave to intervene has been granted under Rule 9, may file in the Court an answer to the petition.

12. (1) Any answer which contains matter other than a simple denial of the facts stated in the petition shall be verified in respect of such matter by the respondent or co-respondent as the case may be in the manner required by these Rules for the verification of petitions, and when the respondent is husband or wife of the petitioner the answer shall contain a declaration that there is not any collusion or connivance between the parties.

(2) Where the answer of a husband alleges adultery and prays relief, a certified copy thereof shall be served upon the alleged adulterer, together with a notice to appear in like manner as a petition. When in such case no relief is claimed the alleged adulterer shall

not be made a co-respondent, but a certified copy of the answer shall be served upon him together with a notice as under Rule 9 that he is entitled within the time therein specified to apply for leave to intervene in the suit and upon such application he may be allowed to intervene, subject to such direction as shall then be given by the Court.

13. (1) If it appears to the Court that proceedings for the dissolution of the marriage have been instituted in England or Scotland before the date on which the petition was filed in India, the Court shall either dismiss the petition or stay further proceedings thereon until the proceedings in England or Scotland have terminated, or until the Court shall otherwise direct.

(2) If it appears that such proceedings were instituted after the filing of the petition in India, the Court may proceed, subject to the provisions of the Act, with the trial of the suit.

Showing Cause against a Decree Nisi.

14. The Governor-General in Council in the case of the High Court of Judicature at Calcutta and the Local Government in other cases shall appoint a person to exercise within the jurisdiction of each of the High Courts referred to in section 1 of the Act the duties assigned to His Majesty's Proctor by sections 181 and 182 of the Supreme Court of Judicature (Consolidation) Act, 1925, and the name of the person so appointed shall be notified in the *Gazette of India* or in the local official Gazette, as the case may be, by the designation of Proctor. Every Proctor so appointed shall in the exercise of his functions act under the instructions of the Advocate-General or other Chief Law Officer of the Province.

15. (1) If any person during the progress of the proceedings or before the decree *nisi* is made absolute gives information to the Proctor of any matter material to the due decision of the case, the Proctor may take such steps as he considers necessary or expedient.

(2) If in consequence of any such information or otherwise the Proctor suspects that any parties to the petition are or have been in collusion for the purpose of obtaining a decree contrary to the justice of the case, he may after obtaining the leave of the Court intervene and produce evidence to prove the alleged collusion.

16. (1) When the Proctor desires to show cause against making absolute a decree *nisi* he shall enter an appearance in the suit in which such decree *nisi* has been pronounced and shall within a time to be fixed by the Court file his plea setting forth the grounds upon which he desires to show cause as aforesaid, and a certified copy of his plea shall be served upon the petitioner or person in whose favour such decree has been pronounced or his advocate. On entering an appearance the Proctor shall be made a party to the proceedings, and shall be entitled to appear in person or by advocate.

(2) Where such plea alleges a petitioner's adultery with any named person a certified copy of the plea shall be served upon each such person, omitting such part thereof as contains any allegation in which the person so served is not named.

(3) All subsequent pleadings and proceedings in respect of such plea shall be filed and carried on in the same manner as is hereinbefore directed in respect of an original petition, except as hereinafter provided.

(4) If the charges contained in the plea of the Proctor are not denied or if no answer to the plea of the Proctor is filed within the time limited or if an answer is filed and withdrawn or not proceeded with the Proctor may apply forthwith for the rescission of the decree *nisi* and dismissal of the petition.

17. Where the Proctor intervenes or shows cause against a decree *nisi* in any proceedings for divorce, the Court may make such order as to the payment by other parties to the proceedings of the costs incurred by him in so doing, or as to the payment by him of any costs incurred by any of the said parties by reason of his so doing, as may seem just.

18. Any person other than the Proctor wishing to show cause against making absolute a decree *nisi* shall, if the Court so permits, enter an appearance in the suit in which such decree *nisi* has been pronounced, and at the same time file affidavits setting forth the facts upon which he relies. Certified copies of the affidavits shall be served upon the parties or the advocate of the party in whose favour the decree *nisi* has been pronounced.

19. The party in the suit in whose favour the decree *nisi* has been pronounced may within a time to be fixed by the Court file affidavits in answer, and the person showing cause against the decree *nisi* being made absolute may within a further time to be so fixed file affidavits in reply.

Decree Absolute.

20. No decree *nisi* for the dissolution of a marriage under the Act shall be made absolute till after the expiration of six months from the pronouncing thereof, if no appeal has been filed within that period, or if any appeal (including an appeal to His Majesty in Council) has been filed, until after the decision thereof.

21. (1) Application to make absolute a decree *nisi* shall be made to the Court by filing a petition setting forth that application is made for such decree absolute, which will thereupon be pronounced in open Court at a time appointed for that purpose. In support

of such application it must be shown by affidavit filed with the said petition that no proceedings for the dissolution of the marriage have been instituted and are pending in England or Scotland, and that search has been made in the proper books at the Court up to within six days of the time appointed, and that at such time no person had intervened or obtained leave to intervene in the suit, and that no appearance has been entered nor any affidavits filed on behalf of any person wishing to show cause against the decree *nisi* being made absolute ; and in case leave to intervene had been obtained, or appearance entered or affidavits filed on behalf of such person, it must be shown by affidavits what proceedings, if any, have been taken thereon.

(2) If more than twelve calendar months has elapsed since the date of the decree *nisi*, an affidavit by the petitioner, giving reasons for the delay, shall be filed.

Alimony, Maintenance and Custody of Children.

22. Proceedings relating to alimony, maintenance, custody of children, and to the payment, application or settlement of damages assessed by the Court shall be conducted in accordance with the provisions of the Indian Divorce Act, 1869, and of the rules made thereunder :

Provided that when a decree is made for the dissolution of a marriage the parties to which are domiciled in Scotland, the Court shall not make an order for the securing of a gross or annual sum of money :

Provided further that no Court in India shall entertain an application for the modification or discharge of an order for alimony, maintenance or the custody of children, unless the person on whose petition the decree for the dissolution of the marriage was pronounced is at the time the application is made resident in India.

Certifying Officer.

23. A certificate referred to in sub-section (*3*) of section 1 of the Act shall be in the form set out in the Schedule and shall be signed by a Registrar or Prothonotary of the High Courts to which the Act applies, and sealed with the seal of the Court.

Procedure Generally.

24. Subject to the provisions of these Rules all proceedings under the Act between party and party shall be regulated by the Indian Divorce Act and the rules made thereunder.

25. The forms set forth in the Schedule to the Indian Divorce Act, with such variation as the circumstances of each case and these Rules may require, may be used for the respective purposes mentioned in the Schedule.

RESOLUTION.

SUBJECT :—*Report of the Auxiliary and Territorial Forces Committee.*

No. 1055.—The Secretary of State for India in Council has sanctioned the proposals of the Government of India on the Report of the Auxiliary and Territorial Forces Committee ($\frac{A/31794}{A.T.F.}$).

2. The proposals of the Government of India consisted of :—

(*a*) Acceptance of the main recommendations of the Committee as summarized on pages 37-40 of their report with the following exception :—

The Government of India did not agree with the proposal that the Auxiliary Force should have a liability for general military service. In conformity with this decision the proposed urban units of the Indian Territorial Force will also not be liable for general military service. These units are expected to comprise persons whose social circumstances and civil avocations may be said to correspond to those of the persons from whom the Auxiliary Force is drawn.

(*b*) Acceptance of the minor and subsidiary recommendations in the report with the following exceptions :—

(*i*) It is not proposed to delete sub-section (*d*) of section 4 of the Auxiliary Force Act as recommended by the Committee. This sub-section permits the enrolment of persons other than British subjects in the Auxiliary Force.

(*ii*) The Government of India have not supported the recommendation to be found at the end of paragraph 14 of the report, that employers of individuals in the Auxiliary Force should be made liable to punishment if they place any hindrance in the way of such employees carrying out their training with the force.

(*iii*) The proposal in paragraph 11 of Annexure A.-I of the report that members of the Indian Territorial Force in Burma should be exempt from capitation tax is unacceptable to the Government of Burma, and has not therefore been supported by the Government of India.

3. The Government of India further submitted for the Secretary of State's approval a proposed expenditure of 10 lakhs on giving effect in the first year to an instalment of the recommendations of the Committee. The details of this scheme are set forth in the annexure to this resolution. The four units selected for increased training for three months in the first year and two months in each subsequent year are :—

1. 11-1st Punjab Regiment.
2. 14-3rd Madras Regiment.
3. 11-14th Punjab Regiment.
4. 11-19th Hyderabad Regiment.

It will be seen that the existing 11-2nd Bombay Pioneers will be converted into an urban unit, while the 12-2nd Bombay Pioneers, a unit which has proved a failure, will be disbanded. As the present financial year is now well advanced it will not be possible to introduce this scheme as a whole before the 1st April 1928: but the Government of India will endeavour to introduce portions of the scheme during the current year, if funds can be reappropriated for the purpose. Amendments to the Auxiliary Force Act and the Indian Territorial Force Act and the rules under these Acts will be necessary to give effect to certain of the recommendations. The amendments to the Acts will be introduced in the Indian Legislature during the winter of 1927-28.

4. The sanction of His Majesty the King Emperor will be required before the changes in forms of commission recommended in paragraph 28 (VII) of the report are made. Steps are being taken to obtain this sanction.

ORDER.—Ordered that a copy be forwarded to all Local Governments and Administrations, and to the Adjutant-General in India, who will communicate it to the General Officer Commanding-in-Chief, Northern, Eastern, Western and Southern Commands, and the General Officer Commanding, Burma district.

Ordered also that the resolution be published in the *Gazette of India*.

In addition to a registrable medical licence, every assistant health officer must possess a licence or certificate in public health, for which special arrangement will shortly be made by the Bengal Public Health Department. Details of this training will be published later for general information. 6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 31st August 1927.

Summary.—During the week the rainfall was generally light and scattered excepting in parts of Midnapore, Jalpaiguri and Noakhali where it was moderate. Transplantation of winter paddy and the growth and development of standing crops generally are being greatly retarded for want of adequate rain. Cutting of jute continues slowly, but want of sufficient water for steeping and washing is being felt throughout the province. The average price of common rice for the province has fallen by about 0·62 per cent. as compared with that of the previous week.
